## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

No prior art could be located that teaches or renders obvious an image capturing apparatus/method with a plurality of kinds of image sensors, generates a scene-referred raw data set for each kind of image sensor, synthesizes scene-referred image data by combining the sets, creates synthesizing-information data for decomposing the scene-referred image data into at least two data sets, generates output-referred image data by applying optimization processing for an output medium, generates differential data between the scene-referred and output-referred image data, and records the synthesizing-information data and differential data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason Whipkey, whose telephone number is (571) 272-7321. The examiner can normally be reached Monday through Friday from 9:00 A.M. to 5:30 P.M. eastern daylight time.
